We have given rating where obtainable: (G) by Gersdorff, (A) by American Society; (E) exhibition; (C) commercial.

White Butterfly has been a consistent winner of first prize at Boston for several years and also won first at Am. Gladiolus Society show 1927. It is very useful for cut flowers, has good substance and increases rapidly.

The Herald Gladiolus, a strain of recent introduction in Holland, should prove ideal for landscape planting. Some varieties have the branching tendency—spikes having as many as seven side shoots. When planted in the fall and protected from freezing they bloom very early. If planted late they do not bloom until mid-season. The varieties are: Hugo Grotius, Johan de Wit, Joost de Vondel, and P. C. Hooft. They should also prove of value for forcing and hybridizing.

Madison Cooper, Editor of the "Flower Grower" says—"Any man can grow Glads successfully who can grow a crop of Potatoes or other ordinary garden crop. If one can grow Potatoes successfully one can also grow Glads successfully, and there won't be any Potato bugs to fight either."

Miss T. Rose was one of the outstanding varieties at the shows.

Varieties that have won distinctive honors in Australia

←—————→
ALBERTI (Australian variety)
Color clear rich salmon, with deep crimson centre. Fine large, well-expanded flowers. A good addition in this beautiful color.
Large \$1.25. Medium 75c. Small 40c. 12 Cormels \$1.25.

←—————→
ATALANTA (Australian variety)
An immense show spike, carrying 8 to 10 flowers at one time. Color a soft shade rosy violet, creamy white blotch overlaid carmine mark.
Large \$2.00. Medium \$1.25. Small 75c. 12 Cormels \$2.00.

←—————→
AVERRILL (Australian variety)
When at its best, which will be in cool weather, this variety is fit to rank with the very finest exhibition gladioli, and is at all times a charming variety for decoration. Color rosy salmon, generally flaked with salmon scarlet, a large and striking pure yellow blotch on lower petals.
Large \$1.25. Medium 75c. Small 40c. 12 Cormels \$1.25.

←—————→
BRENDA (Australian variety)
A variety of very attractive color, with blooms of good size and light, graceful spikes. The color is a very delicate shade of pink; a bright scarlet blotch in centre.
Large \$1.25. Medium \$1.00. Small 40c. 12 Cormels \$1.25.

←—————→

GERTRUDE ERRY (Australian variety)
If our experience of this variety is repeated elsewhere it will undoubtedly take a prominent place among the very finest pink gladioli in existence, either as a decorative or show variety. The coloring is exquisite, a light salmon or shell pink on the outer part of the flower, shading off to almost white in the centre; a spot of a deeper color in the throat. Large flowers well placed on splendid long spikes.
Large \$2.00. Medium \$1.25. Small \$.75. 12 Cormels \$2.00.

HELOIS (Australian variety)
A recent introduction, having large spreading flowers of an apricot scarlet color flaked with orange; centre darker. (Stock limited.)
Large \$1.50. Medium \$1.00. Small \$.60. 12 Cormels \$1.50.

HERODIAN (Australian variety)
A fine bright-colored variety with large showy flowers on good spikes. Color rose pink, with darker flakes.
Large \$1.25. Medium \$.75. Small \$.40. 12 Cormels \$1.25.

IREMEL (Australian variety)
Among gladioli up to show standards this variety, we believe, in color stands alone. It is a true bright crimson, not a dark shade; large cream blotch on lower petals. Very large flowers and spikes of exceptional length.
Large \$2.00. Medium \$1.25. Small \$.75.

←—————→

CHANCELLOR (Australian variety)
This variety is considered to be one of the finest dark crimson gladioli grown; of great size and substance, perfect form and rich color.
Large \$1.25. Medium \$1.00. Small \$.40. 12 Cormels \$1.25.

CHARM (Australian variety)
A beautiful pink gladiolus in a very lovely soft shade of silvery rose, overlaid with a deeper tint; pure cream blotch in centre. Large flowers and fine long (though not over-stiff) spikes. The charming color and other good qualities will speedily bring this variety into favor.
Large \$2.50. Medium \$1.75. Small \$1.25.

CONSTANCE (Australian variety)
A lovely variety for decorative work. The color of the upper petals is rich salmon with lighter under-color; lower petals bright nasturtium orange on salmon. Recommended to cut-flower growers and for florists' work.
Large \$1.25. Medium \$.75. Small \$.40. 12 Cormels \$1.25.

ELEANOR (Australian variety)
Fine large flowers, very well placed on strong spikes. Color in centre a blend of cream and pink deepening to a deep rose or creamy cerise at edges; crimson maroon blotch in centre.
Large \$1.50. Medium \$1.00. Small \$.60. 12 Cormels \$1.50.

Several Australian varieties have been withdrawn to increase stock
←—————→

LAVENDULA MAJOR (Australian variety)
A lovely variety, with fine large flowers and long, well-formed spikes. The color is a beautiful shade of soft lavender pink, with a small cream blotch on the lower petals. Under dry conditions, petals may be slightly flecked with carmine, but color is usually very pure.
Large \$1.00. Medium \$1.25. Small \$.75.

LAVINIA (Australian variety)
Light pink in centre, with cream line on smaller petals, the outer part of the flower and the buds are beautifully tinted with a fine bright pink shade. Lavinia has the long spikes required by exhibitors, and should become very popular.
Large \$1.25. Medium \$.75. Small \$.40. 12 Cormels \$1.25.

LEOLIN (Australian variety)
We recommend this variety on account of its attractive color (which is a delicate, soft pink, deepening towards the edges, and flaked with a deeper shade), its splendid long spikes and general reliability. It is a first-class garden variety, one of the finest for exhibition, and excellent for the cut-flower trade.
Large \$1.50. Medium \$1.00. Small \$.60. 12 Cormels \$1.50.

LEURA (Australian variety)
A strong, healthy-growing variety, with large flowers of good substance, perfectly arranged on strong spikes, carrying up to six open blooms. Color a light shade of scarlet, with light centre, and a dark blotch.
Large \$1.50. Medium \$1.00. Small \$.60. 12 Cormels \$1.50.

Large, 20c; 12 for 2.00

MRS. A. G. NELSON (Fischer). A beautiful salmon pink flower with scarlet and pale yellow blotch. Flowers very large with good substance.

Large, 75c; 12 for 7.50

MRS. FREDERICK C. PETERS (Fischer). (A) 91.5
Beautiful shade of rose lilac, with crimson blotch bordered white on lower segment; resembling an orchid in color. Flowers of large size and many open at one time on a strong stem.

Large, 20c; 12 for 2.00

MRS. LEON DOUGLAS (Diener). Ground color begonia rose, striped with flame and scarlet. Lip pale lemon slightly speckled with ruby. Flowers of enormous size on a well set spike. One of the most beautiful varieties. Winner of all prizes for largest bloom at Boston, 1925.

Large, 40c; 12 for 4.00

MONA LISA Ruffled (Kunderd). A very beautiful shade of palest rose-pink, sometimes called blush-white. A very pale shade almost a self-color. The most delicately colored gladiolus that we know of. Well ruffled and exceedingly beautiful.

Large, 10c; 12 for 1.00 Small, 12 for 50c

NELLIE GRANT (Metzner). A dark nelson or American beauty crimson, shading lighter to throat; central stripe of garnet on lower petals; very rich color tones and velvety; short, round form of petals; large open flowers and tall spike; admired wherever shown.

Large, 20c; 12 for 2.00 Small, 12 for 1.25

OPALESCENT (Bill's). Pale rose lavender. A pure self color with soft lilac throat lines. A vigorous grower with excellent foliage and strong, straight bloom stalks. Rated 97% as commercial flower by Gersdorff.

Large, 20c; 12 for 2.00 Small, 12 for 1.25

PERSIA. Extremely dark mahogany red, almost black, the buds appearing perfectly black. Not an easy variety to grow as it is often spoiled by rain or dew.

Each, 50c; 12 for 5.00

PINK WONDER (Kemp). This is a splendid gladiolus and probably one of the largest and finest parti-colored pink variety.

Large, 15c; 12 for 1.50

Small, 12 for 80c

POLLYANNA (Prestgard). Clear, rich golden yellow, almost self. Bloom medium size. Many open at a time and always perfectly placed. Finely wavy petals. This ruffled yellow beauty is the same color as gold, and although flowers are a little smaller, more open at one time. Many judges prefer Pollyanna to Gold. It is wonderfully striking.

Large, 20c; 12 for 2.00

Small, 12 for 1.25

PRINCE OF INDIA (Childs). A beautiful bronze color; large blooms, very beautiful and attractive.

Large, 20c; 12 for 2.00

Small, 12 for 1.50

PURPLE GLORY (Kunderd). The giant of the Kunderdii Glory race, and of remarkable color; deepest velvety maroon red, with almost black blots, like burned into the petals.

Large, 25c; 12 for 2.50

← →

SOPHIE FISCHER (Fischer). Fine large pink flowers of good substance, on a strong stem. Awarded first prize for best pink seedling at the American Gladiolus Society's Exhibition in Boston, 1914. One of Gersdoff's "Super-Glads."

Large, 75c; 12 for 7.50

THOMAS T. KENT (Diener). Rose pink with ruby running through centre of each petal; exceptionally vigorous in growth; giant spike. Very showy.

Large, 15c; 12 for 1.50 Small, 12 for 1.00

TWIN FIRES (Fischer). NO. 423—A pure pink with blotches of light yellow with scarlet spot in centre, which gives it a distinct effect. A charming variety much admired.

Large, 50c; 12 for 5.00

WILLIAM G. BADGER (Metzner). (G) Spec-Glad. E 93, C 97 A splendid flower with good formation, flowers often six inches or more in diameter, strong straight spike with six or seven blooms open at a time. Color is delicate light coral, edged a darker self tone; throat pale yellow with sprinkling of dark coral on lower petals.

Large, 25c; 12 for 2.50 Small, 12 for 2.00

Small size bulbs are known as No. 3 and should all give good blooms.

THE PRIMULINUS VARIETIES. The most dainty and decorative of the Gladiolus family—and are growing more in favor by all lovers of the beautiful in flowers. In the vase, the basket, separately or in combination with foliage, the "prims" rival the choicest orchids for decorative effect. The varieties we are listing are the best of the many varieties we have seen and grown.

← →

MELVIN (Australian variety)
This variety has given further evidence of its value, and we can recommend it as one of the finest for general purposes in its color section. Color very rich and bright, being a glowing reddish orange, shaded and mottled with a darker color. Fine, well-opened flowers and good spikes.

Large \$2.00. Medium \$1.25. Small \$.75. 12 Cormels \$2.00.

MRS. TOM RATTRAY (Australian variety)
The celebrated Ballarat variety. An exceptionally sturdy grower, producing enormous spikes, carrying 12 to 16 flowers expanded at once. Color a bright rosy pink.

Cormels only—\$1.00 each

NIMROD (Australian variety)
A rich, deep coppery crimson, flecked with chocolate, but practically untouched by any other color, the spike, at a little distance giving a pleasing one-color effect. Under our tests this variety has given the largest flowers of all the crimsons, and is also one of the richest in color. About five flowers open at a time; these, owing to their great size, making a fine spike. Large \$1.25. Med. .75. Small .40. 12 Cormels \$1.25

TITAN (Australian variety)
Of all the gladioli in our lists this stands out as the largest. Up to six of these truly gigantic blooms, set well apart, form a spike which, once seen, will not readily be forgotten. It has also a good color, a clear salmon pink shade, with a purple mark on lower petals.

Large \$2.00. Medium \$1.25. Small \$.75. 12 Cormels \$2.00.

Australian—Medium size No. 3, small size No. 4 and 5 bulbs

RICHARD DIENER (Diener). Pure geranium pink with a light sprinkling of ruby on creamy yellow center. Large flaring blossoms on a tall spike.

Large, 20c; 12 for 2.00

Small, 12 for 1.00

ROSENEL (Metzner). Bright rose; a splendid variety in a color shade by itself. A few spikes in a vase or in combinations is not apt to be forgotten. Good formation.

Large, 15c; 12 for 1.50

Small, 12 for 80c

ROSE ASH (Diener) (Metzner). A grand novelty named Rose Ash by reason of its distinctive combination of old rose tones and ashes of roses. In color, general formation of petals and growing habit it is entirely different from existing types. The rich and rare pastel colorings blend harmoniously with almost every color combination. Strong, straight, tall spikes tower like so many church steeples and growing in a fashion all its own it immediately attracts attention.

Large, 15c; 12 for 1.50

Small, 12 for 1.00

STANFORD (Metzner). Pure dark cardinal splashed with black and covered with a velvety sheen that glistens like the sparkling dew, added to its great size—six inches in diameter. Large flowers and spike with splendid formation make this grand flower one of the wonders of the garden. A clean grower with healthful corms and cormels. Stands up well in sun and rain.

Large, 1.00; 12 for 10.00

Small, 12 for 7.00

The Stanthorp Selected Prize Winning Mixture

If you grow gladiolus no doubt you choose to have varieties you will feel proud of. The ordinary mixtures offered for sale cannot contain the better varieties, or at best will average a very small percentage of good ones. With our mixture you may feel assured of every bloom being something to please and admire—new wonderful flowers opening—new colors and shapes, and in the fall you will have the satisfaction of having raised something good instead of intending to do it next year.

We believe this mixture to be one of the best ever offered. It is really a selection of high-grade gladiolus and is made up from our listed varieties at time of receiving order. We do not grow a mixture of any kind. Every season we destroy thousands of bulbs of varieties that fail to come up to required standard. High-priced varieties are often selected in our desire to supply a mixture that will not only please the purchaser but one that will attract other buyers. The gladiolus lover who does not keep varieties labeled will do well to purchase Stanthorp Prize Winning Mixture. If you are ordering for a friend you may feel assured the order will receive the same careful attention.

Large Sizes:

\$7 a hundred. \$1 a dozen. \$50 a thousand.

Medium size (flowering):

\$5 a hundred. \$30 a thousand

MONTBREI LAS

The bulbs are hardier than the Gladiolus, but if winters are severe they should be dug and stored in slightly dampened soil and not allowed to dry out while in storage. The foliage is similar to the Gladiolus and the flowers are very attractive.
